Dear old girls,

The DGS Quest: BUILDING ON EXCELLENCE FUNDRAISING CAMPAIGN

Some of you may have heard that DGS is about to embark on a very exciting Re-development Programme which will modernize the entire school campus, upgrade facilities and equipment, enhance the scholarship fund, student financial aid, and staff development fund.

To realize this visionary undertaking, our *alma mater* has launched a major fundraising campaign, DGS Quest: Building on Excellence. The target is to raise HK\$ 380 million over the next few years.

DGS gave each of us an excellent education and helped shape our lives. Memories of our school experiences stand out as vividly as if they happened yesterday. I believe this fundraising campaign will be an opportunity to keep those memories alive and, together with fellow old girls, create an ongoing legacy of which we can all be proud.

DOGA will organize a series of events for old girls to learn more about the Re-development Programme and how they can contribute to the Campaign. Please look out for our notices at <http://www.doga.org.hk/>

In the meantime, you may wish to visit the School's website at <http://www.dgs.edu.hk/development/> which will be updated from time to time.

We look forward to seeing you at our events and your generous support in this important milestone of the school's quest for excellence.

Yours sincerely,

Loretta Pang
